

13th International Stirling Engine Conference

INSTRUCTIONS FOR SUBMITTING ISEC 2007 ABSTRACT

Noboru KAGAWA¹ and Kazuhiro HAMAGUCHI²

¹ Department of Mechanical Systems Engineering, National Defense Academy, Japan

² Department of Mechanical Engineering, Meisei University, Japan

Abstract

This is an example for ISEC 2007 abstracts. Prospect authors are requested to submit abstracts of their papers of approximately 500 words in English by 15 February, 2007 via e-mail to tech@isec-info.org by attached file in PDF or MS WORD format with the subject "ISEC2007". All abstracts should be typed in single-spacing, bear the title of the paper, author names, their affiliations, 5 keywords to indicate the subject area of the paper and the topics name for the paper. The mailing address, telephone/telefax numbers, E-mail address and other contact information of the corresponding author should be appeared clearly.

Keywords:

keyword1, keyword2, keyword3, keyword4, keyword5

Topical Area:

1. Stirling Engines
2. Heat Pumps and Refrigerators
3. Thermoacoustic Heat Engines
4. Components
5. Models and Education
6. Others ()

Contact information of corresponding author:
